

Exact 1997 / Sunway

**The Pelican Song**

Music:Edison

Lyrics:George Cockle/Mark Cass

There's a place I'd like to take you  
Brace yourself against the cold  
There's a place I'd like to show you  
Watch the magic unfold

Towards the evening as the sun goes down  
And the fog rolls in before your eyes  
One direction  
In neat formation  
Brown birds ruling the skies

Feathered navigators  
Go gliding cross the waves  
Just inches from the water  
Without a sound

In this place that I will take you  
We will find all we have lost  
In this place that I will show you  
There's no paying a cost

All the chances that we let slip on by  
Will come back if you just close your eyes  
Love returning  
Like Phoenix rising  
For the rest of our lives

Feathered navigators  
Go gliding cross the waves  
Just inches from the water  
Without a sound

Feathered navigators  
Go gliding cross the waves  
Just inches from the water  
Without a sound
