お疲れさま Yutarefre / Madoka

**Time**

Music: Yasuhiro Yamauchi

Lyrics: George Cockle

I have been waiting  
For help day after day  
My heart is hurting  
Don't let it end this a way

Time  
I thought you're my friend  
Oh time  
It's time to make amends  
Days come and go  
But this pain still grows  
For twenty five hours a day

Unpleasant memories  
Returns bitter but sweet  
Throughout the histories  
You made heroes complete

Time  
I thought you're my friend  
Oh time  
It's time to make amends  
Days come and go  
But this pain still grows  
For twenty five hours a day
