

Other World 2001 / Yasuko Agawa

**Unicorn**

Music:Ritsuko Miyajima

Lyrics:George Cockle

Capricorn will bring you sadness  
And you'll find yourself in darkness  
When the constellation's rays abandon you  
Woh oh oh oh

Hokulea, star of gladness  
She won't take the time to guide us  
So this desolation is our Waterloo  
Woh oh oh oh

We've lost our Milky Way  
Save us Unicorn  
No where to run away  
Something to believe in

Unicorn you can show the way  
Unicorn I'm here waiting  
All the places in my mind and soul  
Unicorn take control

Unicorn you can show the way  
Unicorn I'm here waiting  
All the places in my mind and soul  
Unicorn

The mystical creature only appears for those with dreams  
Positive thoughts and innocence in their hearts  
It foretells great things ahead

As you glance across the water  
You will feel your heart a falter  
At the emptiness laid out across the sea  
Woh oh oh oh

Since you sail can't find the trade winds  
So your course is now predestined  
And the world you know no longer cease to be  
Woh oh oh oh

We've lost our Milky Way  
Save us Unicorn  
No where to run away  
Something to believe in

Unicorn you can show the way  
Unicorn I'm here waiting  
All the places in my mind and soul  
Unicorn take control

Unicorn you can show the way  
Unicorn I'm here waiting  
All the places in my mind and soul  
Unicorn

Unicorn you can show the way  
Unicorn I'm here waiting  
All the places in my mind and soul  
Unicorn take control

Unicorn you can show the way  
Unicorn I'm here waiting  
All the places in my mind and soul  
Unicorn
